AGREEMENT BASIS

SCHMITZ MAKES PUBLIC PLAN OF SETTLEMENT.

SCHOOL TROUBLE IS ADJUSTED

ADMINISTRATION ALIVE TO TRUE SITUATION.

ALL CONCERNED SATISFIED

Children of Alien Birth Under Sixteen Years, Who Speak English Language, May Be Admitted to White Schools—Special Schools for Others.

WASHINGTON, Feb. 18.—Japanese children are to be admitted to the white schools of San Francisco, under certain restrictions; skilled and unskilled laborers coming from Japan barred from the mainland of the United States, and American laborers, skilled and unskilled, are to be excluded from Japan.

This is the basis of the agreement between Secretary Root, Mayor Schmitz and the San Francisco school board to an adjustment of the anti-Japanese agitation brought about by the segregation of Japanese children in the San Francisco schools.

"The agreement means that the schools of San Francisco will be conducted in the white manner as they were before the board of education adopted the resolution last October providing for the segregation of the Japanese, except that adult Japanese who are in primary grades must continue to attend the oriental schools, and that Japanese children under 6 will be admitted with white children of their own ages.

While the resolution of the school board, as amended, against "children of alien blood," is to be rescinded by Mayor Schmitz and his associates, the resolution will apply only to the Japanese children and that the change in the wording was to make it plain to the Tokio government that no discrimination was intended against Japanese children.

Few Concessions Made.

Assistant Attorney Williams of San Francisco, who has acted as legal adviser to Mayor Schmitz and the board of education since negotiations have been pending, said tonight:

"To understand the exact meaning of [illegible] Mayor Schmitz tonight, it will be necessary to read between the lines. The only concession we have made as to admit Japanese children to the white schools, while in return the administration has brought about the exclusion of Japanese laborers from this country."

Mayor Schmitz' statement of the agreement follows:

"We find that the administration and congress are entirely alive to the situation in California, and anxious to meet the wishes of the Californians. They are also desirous of keeping on the best possible terms with Japan and of doing nothing which may break the friendship between that country and the United States.

Was Misunderstanding.

"It has been explained to us that the form of action taken by the school board of San Francisco, in relation to the Japanese school children, has been completely misunderstood as an attack upon the Japanese, and that this misunderstanding and misconstruction has been and now is one of the chief obstacles to achieving the purpose California really has in view. This purpose being to secure by honorable and amicable agreement with Japan the mutual exclusion from the two countries of the laborers, skilled and unskilled, of each country. This earnest desire of the people of California and, we may add, of the people of the entire Pacific coast, to check the coming of Japanese laborers and our entire willingness and desire that Japan should similarly put a stop to going of Americans to Japan, springs from no motive other than to bring the individual relations between the two friendly nations to an understanding.

"Events have convinced us, however, that many, and probably most of the Japanese laborers who come here are really brought over to this country in violation of the contract labor law and that the wellbeing of our wage workers demands that immigration of Japanese laborers to this country, skilled and unskilled, shall cease. There are other countries as well as Japan to which we feel, in all probability, we will have to be similar legislation, owing to the fact that we are convinced that the laborers who come here from these countries also really come in violation of the contract labor law. We have every reason to believe that the administration now shares, and that congress will share, our way of looking at this problem, and that the result we desire will speedily be achieved.

Difficult to Prove Violation.

"A striking proof of the administration attitude is shown by the passage of the immigration bill, which will bar out Japanese coming hither by way of Hawaii, Mexico, Canada, and the Canal zone by enforcing the treaties which Japan voluntarily puts into the passports issued by her government. More than two-thirds of the Japanese

(Continued on Page Two.)

TO RAISE VOLUNTEER ARMY

Bill Presented in Senate Provides for Emergencies.

WASHINGTON, Feb. 18.—Senator Warren, chairman of the committee on military affairs, introduced a bill providing for the raising of a volunteer army of the United States during actual or threatened war. The bill divides the military establishment into three branches, the regular army, the National guard and the volunteer army. It provides that the volunteer army shall be maintained in time of war and when war is imminent, and that it may be raised by proclamation by the president after congress shall have authorized such act.

The same bill was introduced in the house by Chairman Hull of the committee on military affairs.

BAD MINE EXPLOSION

HALF A HUNDRED BELIEVED TO HAVE BEEN KILLED.

Accident in La Conquista Mine No. 3, at Monterey, Mexico—Only Meager Reports Issued.

LAREDO, Tex., Feb. 18.—Word reached this city late tonight through telegrams from Monterey, Mexico, of a disastrous mine explosion in La Conquista mine No. 3 of the Las Esperanzas district, in which 50 miners are known to have lost their lives. The dead and injured, however, may be increased to 75 when full details are received.

According to meager reports, the explosion occurred at 5 o'clock this morning, shortly after the night shift had commenced work.

The explosion is thought to have been caused by gas which ignited from a defective lamp carried by one of the miners.

The accident is the most serious that has occurred in the entire state. The disaster which occurred at the Barroteran mines in this district a year ago in which nearly 100 lives were lost.

It is thought no Americans were killed, as with the exception of mine bosses, all the employes are Mexicans.

FLOUR USED TO CHECK FIRE

Sacks Soaked With Water Are Placed in Windows of Burning Building.

AULT, Colo., Feb. 18.—Fire of incendiary origin, the second within a month, today destroyed a portion of the business section, entailing a loss of $25,000. The fire started near the store of W. P. Miller to the railroad tracks, destroying almost an entire block of business houses.

The Classen block, a two-story brick structure, adjoins Miller's on the east. There are more than a half dozen windows in the side of the building and the frames had already commenced with the woodwork around. Seizing all the available flour in the town, the fire fighters saturated it with water [illegible] with the aid of ropes lowered the sacks as best they could, forming a bulkhead of flour. A score of men remained on the roof while pails carried water and a steady stream was kept running on the flour until the flames had burned out and all danger had passed.

U. S. FOREST ON FIRE

DESTRUCTION OF 100,000 ACRES THREATENED.

Government Reserve in Wichita Mountains Enveloped in Flames Fanned by High Wind.

OKLAHOMA CITY, Okla., Feb. 18.—A special to the Oklahoman from Lawton, Okla., tonight says: A forest fire is raging in the 100,000-acre forest reserve in the Wichita mountains, ten miles southwest of here, and is threatening to devastate the entire tract.

Despite efforts of the supervisor, his assistants and hundreds of citizens from nearby towns, the damage already amounts to thousands of dollars to grass, trees and live stock. Forester Morrisey has appealed to the citizens for additional aid and the military authorities at Fort Sill are in readiness to send soldiers to assist in fighting the flames. A high wind which fanned the flames eastward this morning is beginning to quiet down and if it does not come up again complete devastation may be forestalled.

In the heart of the Wichita forest reserve is situated the national game preserve, created last year by act of congress for the propagation of buffalo. A fence costing $15,000 is now being constructed and the flames are near the tents and material.

SKULL EXHIBITED AT TRIAL

Uncanny Evidence Offered Before Jury Which Is Trying Steve Adams for Murder.

WALLACE, Idaho, Feb. 18.—The skeletonized, dried, weather-beaten skull of murdered Fred Tyler was in evidence in the trial of Steve Adams today. Held up before the jury by the hand of Deputy Sheriff C. B. Williams, it bore its own testimony of a cowardly crime. A big bullet hole back of the left ear and another hole in the right side where it is supposed the ball came out, showed how he met his death, shot by an assassin, who stood behind him.

The state, it is believed, has won the first round in the battle of witnesses by producing a mass of evidence which seems to leave no doubt that the body found in the woods in the St. Joe country was that of Fred Tyler.

MEMBERS UNRULY

SIGNS OF DISORGANIZATION MORE PRONOUNCED.

LEGISLATURE LACKS HARMONY

ANOTHER EFFORT WILL BE MADE TO LINE UP MAJORITY.

REPUBLICANS IN QUANDARY

Little Hope Felt That Railway Bill of Any Avail Will Be Passed—Druggists Oppose Pure Food Bill. Lobbyists Still Infest Both Chambers.

Special to The Gazette.

DENVER, Colo., Feb. 18.—Various obstacles of monumental dimensions intrude to prevent the steering committees of the Sixteenth general assembly from keeping members in line for bills favored by the Republican state platform. A meeting of the committee will be held Wednesday evening, when another effort will be made to get the majority in line.

Little hope is felt that a railway bill of any avail will be forced through the legislature. Despite the stringent rules made against lobbyists and lobbying, the corridors and the seats of both chambers are daily filled with men trying to affect legislation. An attack has been made on the Mercantile method bill, and yesterday a personal assault was made against the parcel post bill. The reasons for conflict the latter are because of an amendment made in the senate which the druggists believe is aimed at them. This provides that certain strong drugs cannot be sold, except when the demand is accompanied by a physician's prescription.

Signs of Disorganization.

Signs of disorganization arose daily. Some predict a long session, holding very well and guess that may not reach on the possible action of any of the bills now coming up.

Senator Booth yesterday secured the passage of his civil service bill through second reading in committee of the whole of the senate. It being the second time that action has been taken. He is very hopeful of getting it through on third reading, the point where it met defeat on its first trip.

The bill to exempt from taxation lands devoted to forestry, sheep, goats, hogs, was killed. The motion to strike out the enacting clause was made by Senator Scott, and was supported by Senator Fry. The object of the bill was explained by Senator De La Vergne to be to permit Colorado college to accept the donation of a large tract of land from Gen. W. J. Palmer. The land is at present under the control of the college, where it remains [illegible] school. The institution has not resources sufficient to pay taxes on the tract, he explained, and would have to abandon the school unless the relief sought was granted. Senator Fry said that the land lay largely in Teller county, and that mass meetings had been held there to protest against the passage of the bill.

The senate passed on second reading an amendment to the game law, it provided that there should be no open season on elk until 1911, but this was changed to 1907. Grouse and prairie chicken may be shot between September 1 and October 30, and sage chickens, curlew and plover from October 1 to October 30. Bob White quail and doves will be protected until 1920.

A memorial was passed asking congress to establish a separate department of mining, which shall have a cabinet officer at its head.

House Spends Day Scrapping.

The house spent most of the day scrapping over different matters. The first was over the always exciting matter of ordering bills out of committee. Mr. Vincent asked for a report from the committee on elections on his bill to provide for the election of United States senators by direct vote of the people. In making the demand he intimated that it was being held back to punish him for having opposed the election of Senator Simon Guggenheim.

Mr. Dolph of El Paso declared that any member had his nerve to try to usurp the functions of the committees of the house. These committees had been appointed, he declared, to examine bills and decide whether they were proper to pass or not. That power had been delegated to them, and it was their duty to kill such bills as they thought undeserving. In answer to a question he said that if the committee decided to kill his bill for a state song, he would take his medicine just as he hoped the other members would take theirs.

The bill directed against "fake" companies of all descriptions was restored to the calendar of the committee of the whole, and will come up again in the first meeting of that committee.

Druggists Oppose Pure Food Bill.

The pure food bill has encountered the opposition of the druggists, who do not like an amendment inserted in the senate committee, there, forbidding to buy poisonous and certain strong drugs to first get a physicians' prescription. The druggists hold that is going too far. The bill has now been returned to the house for concurrence in the senate amendments, and will come up tomorrow, when the druggists hope to have it held up and sent to conference between the two bodies.

The committee on agriculture and [illegible] at a meeting at which addresses were made concerning all irrigation legislation that is contemplated. Special objections were urged against Mr. Verner's bill to regulate the taking up of reservoir sites and construction under its provision.

ASKS $5,000 FOR INJURIES

Miner Files Damage Suit Against Little Clara Operators.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—William Klotz today brought suit in the district court against F. R. Marsh, John Hodges and Richard Hodges for $5,000 personal damages, which he alleges he received in the Little Clara mine, on January 11, 1907. He says he was struck by falling rock that broke his right arm was broken, and that he received internal injuries.

MUNICIPAL LIGHTING

SHALL CITY BUILD ITS OWN ELECTRIC PLANT?

Question May Be Submitted to the Voters at April Election—Council Committee Favors Scheme.

A propositions to issue $100,000 in bonds, for the construction of a municipal electric lighting plant, will probably be submitted to the taxpayers of Colorado Springs at the city election on April 2. The committee appointed for the purpose last night, announced, through Chairman C. B. Seldomridge, that electric lighting figures and estimates have been gathered and will be ready for report in full tomorrow night. On motion of Alderman Seldomridge, the council resolved that when it adjourned, it should do so until 8 o'clock Wednesday night, to consider the report of the committee.

Seldomridge informed the council that the committee will recommend, as a result of its investigation, that the council pass a resolution submitting to a vote of the taxpayers the question of issuing $100,000 in bonds for the erection of a municipal plant.

Transformer the First Step.

This step, if the people decide in favor of the issuance of the bonds, will be devoted to the construction of a transformer plant in the city limits. The question of a generating plant, which will probably cost more than the transformer, will be decided later. The city can build its own transformer, or secure power from the Pike's Peak Hydro-Electric company or other power-generating companies.

This matter will depend largely on the case of the city against the Hydro company, now pending in the local district court. The suit was instituted for an interpretation of the terms of the Jackson franchise, under which the Hydro company is operating. The franchise provides that the company shall sell power to the city at the same rate as to the most favored patron. The Colorado Springs Electric company purchases power from the Hydro company at one-half cent per kilowatt hour, and the city claims the right to buy the power at the same rate. The Hydro company claims that the city, in order to secure power at this price, should consume as much as does the Colorado Springs Electric company, which purchases an amount costing approximately $60,000 per annum. The Hydro company [illegible] needed use of the power, that of distribution among individual consumers in the city, does not coincide with the meaning of the terms of the Jackson franchise.

Hydro Has Nothing to Lose.

Although the suit is that of the city against the Hydro company, the Colorado Springs Electric company would be the loser in case of the city's victory, since the Hydro company would receive the same compensation, whether its power were sold to the electric company or to the city. In this connection, under the terms of the agreement between the city and the Hydro, the latter will not appeal from an adverse decision. The city, however, retains the right of appeal.

The Colorado Springs Electric company charges its consumers in the neighborhood of 12½ cents per kilowatt hour. The enormous discrepancy between the one-half cent it pays and the 12½ cents it secures for the power per kilowatt hour, is explained by the alleged heavy expense of maintaining [illegible] transformer and substations and the various expenditures in maintaining a general electric lighting business in the city.

The local law firm of Gunnell & Chinn is associated with City Attorney W. C. Robinson in representing the city's interests in the suit, while Attorney Karl C. Schuyler of Denver, who acted for the Hydro company throughout the recent arc light arbitration hearing, also represents the company in the court case. This case, although not of an arbitrary nature, will be tried before a district judge mutually acceptable to the litigants, owing to the form of agreement previously entered into. The case has been postponed from time to time until Judge Bennett of Greeley, who was agreed on as the trial judge, has gone out of office. As the case now stands, no judge has been decided on by the two parties.

AT THE MERCY OF STRIKERS

Helena Citizens Deprived of Street Car and Telephone Service and Electric Lights.

HELENA, Mont., Feb. 18. Street car service, electric light service and telephone service in Helena were disorganized today by strikes of motormen, conductors, linemen and telephone girls. The linemen employed by the Helena Light & Power company were the first to strike. The conductors and motormen walked out in sympathy, and later the linemen and telephone girls in the employ of the Rocky Mountain Bell Telephone company walked out. All demand higher wages.

Four hours after the conductors and motormen of the street railway went out service was resumed. The company acceded to the demands of the linemen.

HOUSE SANCTIONS

ADOPTS CONFERENCE REPORT ON IMMIGRATION BILL.

UNDER SUSPENSION OF RULES

PARTY ISSUE MADE OF PASSPORT PROVISION.

DEBATE LASTS ONE HOUR

Garrett of Tennessee Criticises Roosevelt for "Taking Sides Against His Own Country"—Vote Results: Ayes, 162; Nays, 101.

WASHINGTON, Feb. 18.—Under suspension of the rules, the house today adopted the conference report on the immigration bill, although the Democrats generally made a party issue against the passport provision. The vote [illegible] Ayes, 162; nays, 101.

When the conference report was taken up for consideration on its merits one hour was fixed for debate.

Williams Issues Warning.

Mr. Williams of Mississippi desired to warn the people of California of something they already know, and gave the views of the president upon their views.

"This man to whom you have left the discretion in the matter of Japanese immigration is one who has already recommended the naturalization of the Japanese," said Williams, "I am with the people of California on the question of separate schools, and I am with them on another question. I want the Pacific coast kept a white man's country, and I want all this country, as far as it can be, to be a white man's country, not merely because I believe the Caucasian is superior to other races, but because this is our land, the land of our traditions and our ideals, and I know that the influx of another race means another race problem for another portion of this republic and another social warfare.

"I want to say that every woe which this country has suffered has resulted from the landing of the first slave ship at Jamestown."

Mr. Garrett of Tennessee said:

"I am opposed to placing power in the hands of a man who, on the vital question involved, which made the only [illegible] issue of the bill, has already sided against his own country and his own countrymen, as has the president with reference to California.

Not What Is Wanted.

Mr. Hayes of California frankly stated that the Japanese exclusion section was not just what the people of [illegible] go far toward the amelioration of present conditions.

Mr. Michalek of Illinois declared the power of the "big stick" had been whittled to the dimensions of a toothpick in the light of recent events. "Regarding the Roosevelitian proposition," said Mr. Michalek, "by what law of human reasoning is the United States, the greatest nation of the west, compelled to bow low to the Pekin pampered bully of the east?"

Mr. Kahn of California concurred with Mr. Hayes' bad said in relation to the exclusion feature of the immigration bill and expressed the opinion that it would go very far toward relieving the situation in California.

Immediately after reading of the immigration conference report, Representative Burnett of Alabama made points of order against the first provision which undertakes to regulate the booking of Japanese coolies by giving the president authority to refuse to recognize their passports, and also against the whole of section 42, having relation to the air space in vessels bringing immigrants to the United States.

Another Big Stick.

As to the first proposition, Mr. Burnett insisted that the authority conferred by the section on the president put in his hands a "big stick" which he could wield over a state. He declared that it gave the chief executive a power which was never contemplated by the constitution nor by the enabling act of any sovereign state.

As to the second proposition, it was Mr. Burnett's contention that the air space provision properly belonged in a bill relating to navigation, and had no part in a bill regulating the immigration of aliens into the United States.

Mr. Bennett of New York, in charge of the conference report, contended that the points of order made against the two provisions should not lie, because the provisions had been considered [illegible] in connection with the immigration bill.

Mr. Watson read from a decision made by Speaker Colfax which sustained the right of the conferees to introduce new matter in a conference report, provided the subject had received consideration even in committee, [illegible] some other measure. He took the ground that the sections in dispute were in the bill as a matter of right.

Mr. Burnett asked the speaker if the whole Chinese exclusion law could not be repealed by a conference report.

"Oh, why does the gentleman ask about that which might, could, would or should happen," replied the speaker, amid laughter.

The speaker then overruled the points of order on the ground that the conferees had been wholly within their rights when they agreed to a substitute for both the senate and house bills.

FOUR INVESTIGATIONS ON

Inquiry Being Made as to Cause of Brewster Express Wreck.

NEW YORK, Feb. 18.—Four distinct investigations into the wreck of the Brewster Express on the New York Central, Saturday, were in progress today and resolutions were introduced in the legislature for a legislative investigation. One of the investigations already under way was that [illegible] of the coroner's jury, a second was made by the New York state railroad commission, a third by the district attorney's office of New York county, and the fourth by the railroad.

The police have tonight three persons dead as the result of the wreck, with a possibility that four or five others may die.

MRS. W. C. ALLEN DIES

GRIEF KILLS WIFE OF PROMINENT PHYSICIAN.

Shock Occasioned by Death of Little Daughter Three Years Ago Brought on Fatal Illness.

After an illness of many months, caused by grief on account of the death of her little 11-year-old daughter, Carolina, Mrs. Margaret C. Allen, wife of Dr. W. Casey Allen, [illegible] physician of the city, died at 11:05 o'clock last night at her home, 121 North Weber street. She was 52 years old. General services will probably be held tomorrow afternoon. The remains will be taken to Denver for cremation.

Only her little daughter died of diphtheria in California, about three years ago. Mrs. Allen's health began to fail rapidly. Almost a year ago she was stricken with an attack of brain trouble, brought on by mourning over the loss of her little daughter. About three weeks ago she suddenly grew worse and failed rapidly until death relieved her suffering.

Mrs. Allen was a prominent worker in the First M. E. church, of which she was a member. She was also a member of the Sunshine club.

Dr. and Mrs. Allen came to Colorado Springs about nineteen years ago from New York state, and have since resided in this city. Dr. Allen is one of the leading physicians of the city. He is a graduate of Hahnemann college, Philadelphia. During his entire residence in this city he has been a practicing physician.

Dr. Allen has three children—May, Frank J. and Mrs. Dortha Gillett—by his first wife. Mrs. Gillett resides in Korea, where her husband is general secretary of the Y. M. C. A. The other children live in this city.

TO CUT COMPENSATION

RAILROADS SUFFER AT HANDS OF HOUSE.

Resolution Passed to Insert in Postoffice Appropriation Bill Provision to Lower Carrying Rate.

WASHINGTON, Feb. 18.—The house adopted today a resolution presented by Representative Overstreet of Indiana, authorizing the clerk to insert a provision in the postoffice appropriation bill looking to the reduction of compensation to railroads for carrying the mail, to take effect July 1, in accordance with the following schedule: On routes carrying their whole length an average weight of mail per day of more than 5,000 pounds and less than 48,000 pounds, the rate shall be 5 per cent less than the present rates on all weight carried in excess of 5,000 pounds, and on routes carrying their whole length an average weight of mail per day of more than 48,000 pounds, the rate shall be 5 per cent less than the present rate on all weight carried in excess of 5,000 pounds up to 48,000 pounds, and for each additional 1,000 pounds in excess of 48,000 pounds at the rate of $46.24; on all roads other than land-grant roads the rate shall be $15.40 for each 2,000 pounds carried in excess of said 48,000 pounds.

"After July 1, 1907, additional pay allowed for every line comprising a daily trip each way of railway postoffice cars, shall be at a rate not exceeding $25 per mile per annum for cars 49 feet in length and $27.50 per mile per annum for 45-foot cars and $32.50 per mile for 50-foot cars and $40 per mile per annum for cars 55 feet or more in length.

Mr. Murdock of Kansas wanted to know how this change would affect the sections of the bill having relation to the new division for railway mail pay and the return of empty mail bags by the railroads free. Mr. Overstreet replied it left them in the bill, of course, subject to the point of order made. The resolution was adopted without division.

CATHOLIC MEN RESTRICTED

Cannot Marry Women of Other Faith Within Diocese of Colorado. Ruling of Bishop Matz.

DENVER, Feb. 18.—In a pastoral letter Bishop N. C. Matz has forbidden marriages between Catholic men and non-Catholic women in the diocese of Colorado. The marriage of Catholic women to non-Catholic men is discouraged, but is still permitted by the bishop under the restriction heretofore enforced.

The reason assigned by the bishop for his unique law is that the mother, as a rule has the raising of the children and while she can manage to bring them up in her faith without the cooperation of their father, the latter can never do what his church demands by his offspring if the mother is of a faith other than Catholic.

EXCUSES KILLING

THAW'S OWN STORY OF THE MURDER OF WHITE.

LAYS HIS ACT TO PROVIDENCE

ALIENIST EVANS QUOTES THE WORDS OF THE PRISONER.

EVIDENCE FOUGHT BY JEROME

Will Is Introduced—District Attorney Withdraws Objection When Admission Is Made That Thaw Was Insane When Document Was Drawn.

NEW YORK, Feb. 18.—"I never wanted to shoot the creature. I knew he was a foul creature, destroying the mothers and daughters of America, but I wanted through legal means to bring him to trial. I wanted to get him into court—to bring him to justice. But Providence took charge of it; it was an act of Providence."

This is Harry K. Thaw's own story of the killing of Stanford White. It was told by him to Dr. Britton D. Evans, the alienist, last August in the Tombs. Dr. Evans today repeated the prisoner's words to the jury that is trying Thaw for his life.

Conclusive Proof.

District Attorney Jerome fought hard last week against the introduction of this evidence, which the defense believes is conclusive proof that Thaw did not know his act was wrong. Once the testifying physicians had declared that, in their opinion, Thaw was insane at the time he made the statements. However, the rules of evidence permitted the introduction of the prisoner's words. Further bulwarking their contention that Thaw was insane when he killed Stanford White, the defendant's counsel succeeded today in placing before the jury the will executed by Thaw the night of his marriage, in April, 1905, and a codicil executed at the same time.

Again Mr. Jerome fought the evidence, but he significantly withdrew his objections after Dr. Evans had given it as his expert opinion that Thaw was insane at the time he executed the will. The fact that the district attorney seems disposed to let in testimony of every character, provided there is a preliminary opinion from the witness that the man was of unsound mind at the time to which the testimony refers, was taken today as further indicating that Mr. Jerome may, at the psychological moment, if he deems his hand strong enough, demand the appointment of a commission to pass on Thaw's present state of mind.

Will Offered in Evidence.

The will and the codicil were offered in evidence as cumulative testimony of Thaw's mental unsoundness prior to the killing of White. In his will Thaw provided that his executors should set apart the sum of $50,000 to investigate his death in case of a violent or suspicious end and for the prosecution of the persons supposed of having had a hand in his taking off.

In the codicil Thaw left to a lawyer in Pittsburg $7,500 to be used in securing legal redress from Stanford White and one other person whose name was not allowed to be read, for the benefit of four young women, who Thaw declared, had been the victims of "degrading assault" in a house furnished and used for orgies by Stanford White and other inhuman scoundrels."

Thaw also bequeathed sums of $2,500 each to Rev. Dr. Charles N. Parkhurst, Anthony Comstock and a lawyer named in his codicil, to be used in discovering further alleged misdeeds by Stanford White and securing redress for the women.

Doctors Hammond and Diefife will testify tomorrow, probably on the improvement in Thaw's mind during his confinement in the Tombs, declaring that the stress which caused the mental explosion was removed with the death of White. It was also said tonight that Mrs. Evelyn Nesbit Thaw might go on the stand tomorrow to complete her story.

The trial today entered its fifth week.

Delmas in Accustomed Place.

The opening of court found Attorney Delmas again in his accustomed place at the head of Thaw's counsel table, notwithstanding reports of disagreements. Juror Bolton, whose wife died last week, [illegible] able to go on with the trial. It was decided that the jurors should not again be confined until they finally retire to make their verdict.

Dr. Evans, who has been by far the most important witness for the defense among the medical experts, detailed at great length his conversations with Thaw in the Tombs. He told of how Thaw declared that his lawyers and physicians were in a conspiracy with the district attorney to "railroad" him off to an asylum and to prevent his case from coming to trial. He declared others wanted to close the case up. Thaw told the physician that in his attempts to bring Stanford White to justice he had confided to District Attorney Jerome and that the latter had told him to let the matter drop; that there was nothing to it. He also complained to Anthony Comstock and to a detective agency.

Dr. Evans was corroborated as to

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was terribly afflicted with eczema for more than two years. The parts affected were the hands below the knees. I tried all the physicians in the town and spent much money, but got no relief. I then decided to try the Cuticura Remedies, and after using one cake of Cuticura Soap and two boxes of Cuticura Ointment I was entirely cured, and have not been troubled with the disease since. (Signed) Miss Lillie Hall, Jay Dale Farm, Columbus, Kans., Oct. 15, 1907.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consisting of Cuticura Soap (25c.), to clear the skin and scalp, Cuticura Ointment (50c.), to heal the skin, and Cuticura Resolvent (50c.) (or Pills, 50c. per vial), to purify the blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Skin Diseases."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

I was troubled with dandruff on my head for [illegible] time. The dandruff destroyed my hair. I tried everything I could hear of. I finally decided that I would go and get some of the Cuticura Remedies and ask them what they would be good for my case. I got a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Resolvent Pills. I used the Cuticura Soap and Cuticura Ointment according to directions, and before I had used one box of the Ointment I was entirely cured. I have not been troubled with dandruff since. (Signed) Miss Lillie Hall, Jay Dale Farm, Columbus, Kans., Oct. 15, 1907.

EXCUSES KILLING

(Continued From Page One.)

most of Thaw's statements by Dr. Charles G. Wagner of Binghamton who first figured as a witness early last week.

Dr. Evans Cross-Examined

District Attorney Jerome cross-examined Dr. Evans but five minutes on the ground that Thaw was of unsound mind at the time of executing his will. Mr. Delmas [illegible] during the cross-examination. He interposed many objections and generally was sustained.

Mr. Jerome in protesting against the admission of the will as evidence [illegible]

Mr. Delmas objected and his objection is noted as being due to the district attorney's manner. A wordy contest then ensued, which ended by Mr. Jerome saying that, in fact, he would [illegible]

Expert Is Recalled

Dr. Britton D. Evans, superintendent of the New Jersey State Hospital for the Insane at Morristown, was on the stand but a few minutes. He had been a witness for the defense in the Thaw case when the trial was in Pittsburg.

Mr. Delmas [illegible] the cross-examination of the witness, thus regaining a position as a witness.

Dr. Evans was asked to repeat the conversation he had with Dr. Hamilton Wey [illegible] Dr. Evans [illegible] Dr. Wey and Mr. Hartridge [illegible] the latter brought [illegible] pasteboard box full of paper. Mr. Hartridge had [illegible] these papers. Thaw said the papers [illegible]

MANY EXCURSIONISTS COMING

Several Raymond-Whitcomb Parties Scheduled to Remain in This Region Three Days.

Raymond-Whitcomb excursionists, returning east from the coast, will begin to arrive in Colorado Springs on March 1. Special trains of these excursionists will arrive in Manitou over the Rock Island railway at 9 o'clock on the mornings of March 1, 15, 22; April 5, 12, 26, and June 7. They will depart for the east at 5:50 o'clock on the mornings of March 5, 19, 26; April 9, 16, 30, and June 11.

It will be seen from the schedule that each trainload of excursionists will spend three full days in Colorado Springs and vicinity.

NEWS OF THE LOCAL COURTS

In the district court yesterday, Dorothy Soper, "by her best friend, I. C. Soper," father of the girl, filed a motion to dismiss the recent petition of Attorney J. S. Danser, on the alleged grounds of the nonjurisdiction of the district court in the matter in hand. Attorney Danser, who represented the Sopers in their suit against the Colorado Springs Electric company, for damages as a result of injuries received by the two Soper children from an exposed wire of the company, secured a judgment of approximately $8,000. This was affirmed by the supreme court, and Danser filed a lien of 25 per cent on the judgment in the district court. It is this petition and lien over which Attorney P. M. Kistler, acting for the Sopers, alleges the court has no jurisdiction.

Numerous motions in civil cases were heard in the district court yesterday, both Judges Morris and Sheafor being busy all day.

In the case of Hitchcock vs. Campbell, the defendant yesterday filed notice to the plaintiff, in the district court, to produce a letter written by Campbell to Hitchcock on August 7, 1906, for use by the defendant. Failing compliance with this on the part of the plaintiff, the defendant will produce as testimony a copy of his letter.

Two appeal cases of R. E. and W. E. Johnson against Dan Mann, were yesterday filed in the county court. Both are money demands.

U. T. Edward yesterday filed suit in the county court for divorce from Sadie Edwards, alleging desertion. The couple were married in this city February 25, 1904.

John V. Curr and Eddy Brown, charged with stealing a valuable cow belonging to A. T. Crowe of Cascade, were yesterday bound over to the district court by Justice Ruby. Bail in the sum of $1,000 each was furnished.

J. W. Howell, Michael Stremmon, T. G. Lewis, Eugene Perret and Louis Vanthor were yesterday placed under bond for their appearance in court Thursday before Justice Dunnington, charged with disturbance. The men became intoxicated and noisy at Paxton.

Glen Duncan and Bert Smith were yesterday fined $5 each and costs in police court, for reckless driving, last Sunday.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

HORSE STOLEN—E. C. Day, proprietor of the Star ranch, near this city, has reported to the police the theft of a black riding horse. The animal weighs about 1,000 pounds and has white forefeet.

FIRE STATION IMPROVEMENTS

Chief Armbruster Doing Good Work. E. R. Long, Fireman, Succeeded by G. Williams.

Many improvements are being installed at the central fire station. The telephone switchboard is now in charge of a girl operator, who replaces the fireman formerly in charge. The Misses Lizzie Logan and Martha Lowe are the "centrals." The day shift is 13 hours long, the night watch being 11 hours.

Chief Armbruster is changing the sleeping quarters of the men from the rear of the station to the front. The firemen can not only slide down the poles to the horses' heads, thus avoiding danger and saving time, but will have purer air in the large front rooms. In the present sleeping quarters the odor from the horses' stalls comes up through the floor and the manholes about the poles.

The storage batteries will be removed from the front room to the rear, while a gymnasium will be installed in the old sleeping quarters. The telephone board, which is now in the front, will be removed to a side room off the chief's office. The chief and assistant will sleep in a room adjoining the general sleeping quarters in front.

E. R. Long, a painter, who receives $3.50 per day of eight working hours, and who entered the service of the fire department during the fall winter season, has resigned to re-enter his former vocation. On the fire department he received $65 per month and was on duty 21 hours out of 24. He is on the best of terms with the fire department, including myself."

The above statement was given out last night by Fire Chief Armbruster with regard to a statement published yesterday in a local afternoon paper, to the effect that the "firemen continue to resign," etc. Long quit work yesterday morning and is succeeded by G. Williams.

LA GRIPPE AND PNEUMONIA—Foley's Honey and Tar cures la grippe coughs and prevents pneumonia. Refuse any but the genuine in the yellow package. All dealers.

Dunbars Handbell Ringers and Male Quartet company, Opera House, Thursday.

NEGROES ROB OFFICE

Steal Drugs From Office of Dr. J. H. Ferguson.

After going to the office of Dr. J. H. Ferguson, 229 East Huerfano street, Sunday afternoon for treatment for blood trouble, two unknown negroes, finding him absent, stole several dollars worth of drugs and then applied for healing at the police station. The men were allowed to sleep at the station and left yesterday morning.

About 11 o'clock yesterday morning, Dr. Ferguson discovered the loss of a large amount of cocaine, morphine and other drugs. His wife then informed him of the visit of the two negroes to his office. Mrs. Ferguson, who saw the negroes leave the physician's office, adjoining his residence, took it for granted that they were consulting her husband. It developed yesterday, however, that Dr. Ferguson did not see his visitors, and since they are the only strangers who had access to the office Sunday, the theft is believed to be their work.

STAR COURSE AT OPERA HOUSE—Hear the Dunbars Thursday night.

OIL LAMP EXPLODES—Mrs. E. B. Johnson of 125 South Nevada avenue, last night dropped a lighted lamp in the parlor of her home, the oil exploding. A roomer in the house extinguished the flames with an old rug, which he threw out of the window after it ignited. The central fire station was notified, but arrived after the flames were extinguished.

VIOLINIST MAKES HIT

ARTHUR HARTMANN'S CONCERT A GRAND SUCCESS.

Music Lovers Enjoy a Treat From a Master Violin Artist. Adolph Borschke Assists at the Piano.

The series of concerts given by the Colorado Springs Musical club ended last night in the success of Arthur Hartmann violinist. From an artistic and musical standpoint no greater triumph was ever achieved in Colorado Springs.

Mr. Hartmann made us his enthusiasm what it lacked in numbers listened to a program of exquisite taste in selection, and interpreted with the consummate mastery of technique and display of temperamental genius that is shown only by the chosen few of the world's greatest musicians.

Hartmann makes his appeal both to the head and heart of his listeners, achieving the one by his unswerving devotion to the true musical interpretation of his theme, without striving for dynamic effects to display his technique, and prodigling the other through his gifts of temperament, and his marvelous masters of the most beautiful of musical instruments. His tone is noble and pure, and of the power and solidity demanded of an artist of his caliber. His technique is flawless and endued with a subtle sincerity of expression that at once stamps its owner a man of intellect.

Beginning the program with Vieuxtemps' "Concerti", in D minor, the fire and brilliancy of his style became apparent, yet a note of tenderness and pathos ran throughout even so tremendous a composition as this.

Resounding to a vociferous encore, the article rendered in most charming style Sevcik's "Berceuse," a lullaby composition.

The second number was a group of piano solos by Adolphe Borschke, who proved himself not only the most capable accompanist heard this year, but a soloist who has few equals on the concert stage in America. His magnificent tone is truly a wonder for so young a man and with acquisition of a technique to correspond, he will take his place as one of the great pianists.

Mr. Hartmann followed in the difficult Bach selection "Chaconne," for violin alone, which requires the broad, powerful interpretation demanded of Bach. Ability to successfully handle this selection would alone indicate a great artist and the demands were more than met by Hartmann.

The rhapsodie "Elizen," written by Hartmann, proved to be a gem as a composition, and again demonstrated his mastery of florid work, combined with a succession of rituals and thrilling climaxes.

Mr. Borschke again compelled favor, by an inspired interpretation of the grand "Marche Militaire," of Schubert Taussig, his only handicap being a piano of insufficient volume of tone to bring out all that this great composition contains.

Concluding the program, Mr. Hartmann played a beautiful little piece by MacDowell, being his only effort in composing for the violin and a series of Russian airs by Wieniawski. An ovation was accorded him at the close, and a return engagement is promised in two years, as owing to an extensive European tour his time will be upon aboard for the next 18 months.

Foley's Honey and Tar stops the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package. All dealers.

COLBURN MACHINE HERE

Colorado Product Attracting Considerable Attention.

A. E. Colburn and son, Bert, of Denver, are in Colorado Springs with an automobile made by the Colburn Automobile company of Denver and, as the machine is the first of the Colorado product ever seen in this city, it is attracting no little attention. It is a 25-32 horsepower machine. It has so far stood all the tests to which it has been subjected and the promoters of the machine are now planning to give it a severe tryout in the form of a 1,000-mile endurance test over mountain roads. This will be the most searching test to which a machine can be subjected and the results will be watched with interest by automobile men.

An unusually heavy running gear is a feature of the machine and under the axles is a good ground clearance, which is a desirable feature in climbing mountain roads where large stones and ridges are frequent, though otherwise the road may be ideal for travel. The wheels are 34 by 4 inches and the springs 50 by 2½ inches. The valves are located in the head, which gives a very compact combustion chamber and insures the highest possible heat efficiency. The machine is regarded by automobile men as a distinct achievement in the construction line and a great step forward in the manufacturing industry of Colorado.

SPENDING HONEYMOON HERE

Dr. W. B. Collier and Bride of Denver at Alamo Hotel.

Dr. W. B. Collier of Denver and bride, formerly Miss Fiona Stone McKean of Longmont, Colo., are at the Alamo hotel on their wedding tour. The marriage was celebrated last night at the home of the bride's aunt, Mrs. Austin, 2400 East Colfax avenue, Denver. About 50 guests were present and the ceremony was performed by the Rev. Dr. B. B. Tyler.

Dr. Collier is a graduate of Rutgers college, New Jersey, where for two years he captained the college football team in the intercollegiate contests and was recognized as one of the best all-round athletes in the east. Six years ago he came to Colorado and was for some time identified with Dr. Work in the hospital owned by the latter at Pueblo. The last five years, however, he has spent in New York state, until about five months ago, when he came west and located in Denver, where he purchased a home at 40 South Broadway. The newly wedded couple will be in this city for several days and will visit Pueblo before returning to Denver.

SOCIETIES AND CLUBS

The Frances Willard W. C. T. U. will hold its business meeting this afternoon at 2:30 o'clock at the home of Mrs. Alton, 211 South Weber street.

G. A. R. post No. 22 will hold an open meeting at the G. A. R. hall tonight at 7:30 o'clock, when an address will be delivered by the Rev. C. E. Wilcox.

The Woman's Home Missionary society of the First M. E. church will meet at the home of Mrs. N. C. Crumley, 1712 North Tejon street, at 3 o'clock this afternoon.

[illegible] of the Eastern Star, will meet in stated session Wednesday evening, February 20. All members of the order are cordially invited to be present after the regular routine of business, when a social hour will be enjoyed.

PERSONAL MENTION

Samuel Crooks of Callender is visiting his son, Guy Crooks, in this city.

Mrs. W. A. Snyder has gone to Topeka, Kas., and will be away several days.

Warren Hinig, general agent for the Chicago and Great Western, was in the city yesterday.

Mrs. H. A. Jones and son, Raymond, have returned from Long Beach, Cal., after quite a long absence.

Mr. and Mrs. J. T. M. Butcher have returned from a five months' visit with relatives and friends in Missouri.

J. C. Carnes, general freight and passenger agent of the Union Pacific, spent yesterday in Colorado Springs.

W. G. Templeton has gone east to complete arrangements for the manufacture of his new coupling yoke.

A. N. Oliver, traveling freight and passenger agent of the Southern Pacific, with offices in Denver, came to this city yesterday on a business trip.

William Flannelly, traveling passenger agent of the Southern railway, with headquarters in Kansas City, is in the city looking for business for his road.

Morris M. Rathbun, for the last two years associated with the Evening Telegraph, and one of the best known newspaper men in the city, has gone to Denver to accept a position with an investment firm.

Mr. and Mrs. George N. White of Manitou are spending a portion of the winter in Los Angeles, Cal. Recently, Mr. White underwent an operation, but according to word received yesterday, he is making a rapid and satisfactory recovery.

The Pennsylvania Short Lines

From Chicago and from St. Louis fast trains through Pittsburgh to New York, Washington, Baltimore, Philadelphia and intermediate points without change of cars. The Chicago New York service includes the pioneer 18-hour train between those cities, "The Pennsylvania Special," also the famous "Pennsylvania Limited" and other high-speed trains limited as to time but unlimited in luxury. Fast ones from St. Louis daily: "The Keystone Express" 9:45 a. m., "The New York Limited" 1 o'clock noon, "The Pittsburgh Special" 5:15 p. m. Equipment of highest class sleeping, dining and parlor appointments. Address Geo. T. Hull, district agent, 911 Seventeenth St., Denver, Colo., at the sign of the red keystone.

STAR COURSE AT OPERA HOUSE—Hear the Dunbars Thursday night.

RIDING IN PARK—Joseph Harrison of 1131 North Custer street, will appear in police court at 9 o'clock this morning, charged with riding his bicycle in North park.

Ask your grocer for Alpine High Patent Flour. It is the best.

LEAVENWORTH, Kan., Feb. 18.—Word has been received at Fort Leavenworth to the effect that Lieutenant Colonel Irvin, Fourteenth infantry, stationed at Vancouver barracks, Washington, has been appointed United States military attache to Tokio, Japan. The post was last filled by Brigadier General J. J. Pershing.

DENVER, Feb. 18.—Harry Pyle, aged 27 years, manager of the opera house and one of the most prominent business men of Buena Vista, committed suicide last night by blowing off the top of his head with a rifle. In a note to his brother and sister he assigned failing health as the cause of his suicide.

Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments, and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea. The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

The Kind You Have Always Bought
In Use For Over 30 Years.
THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

COLORADO CITY NEWS

CASE IS COMPROMISED

Colorado City to Get Pound Fees in the Future.

The question of whether the city or the police marshal of Colorado City is entitled to the fees collected at the city pound was definitely decided in favor of the city at an executive session of the council last night. The agreement was brought about by a compromise between the city and George Birdsall, the latter agreeing to pay the city $25 and the city promising to drop the suit instituted against him for the collection of fees in his possession.

Some time ago suit was instituted against Birdsall in the county court by City Attorney Jackson of Colorado City for the amount of $117. The case was decided in favor of Colorado City, and Birdsall appealed to the district court. The $25 to be paid to the city, together with the amount turned over by Mounted Officer Webb, is the entire amount collected in pound fees since last April.

COLORADO CITY NEWS NOTES

Mrs. Henry Baatz was given a surprise party at her home, 214 Main street, Friday evening, by about thirty-five of her friends.

[illegible] dard club of Colorado City was given at the club house last night. Fink's orchestra furnished music for the affair, which was one of the most successful of the Colorado City social season.

Naomi Rebekah lodge No. 50, I. O. O. F., will give a progressive high five party in the lodge rooms on February 28. Refreshments will be served. The public is invited.

John McPherson, Arthur Lashbrook and Lynn Holton, each about 17 years of age, who ran away from home Saturday night, were arrested by Denver officers and returned to their homes last night.

Matt Jones, colored, who was arrested by Police Chief Rettiger Saturday afternoon, was fined $7 and costs in police court yesterday morning for disturbance.

The town improvement society will meet tomorrow afternoon at 2 o'clock at the residence of C. D. Taylor. All members are requested to be present.

A line of confectionery, all prices, at C. M. Sherman's.

Mr. and Mrs. Walter West, 226 Colorado avenue, are the parents of a son, born Sunday.

The Rev. Henry Ruteers Denson will preach at 8 o'clock this evening at the Church of the Good Shepherd.

KILLS TWO; IS LATER SHOT

Missouri Saloonkeeper Murders for Revenge and Is Killed While in Charge of Officer.

MALDEN, Mo., Feb. 18.—"Doctor" A. L. Brannon, a saloonkeeper, who tonight shot and killed Attorney D. R. Cox and Dr. J. W. Beall, in the latter's office, was shot and killed himself a few hours later while being removed from the jail at Malden to Kennett for safekeeping. The killing of Brannon was by an unidentified person standing in the shadow of a building near the Malden jail.

The trouble leading up to the killing of Cox and Beall is said to have been over the liquor question. Brannon, who is a member of a well-known family in this county (Dunklin) came here several years ago and started to sell liquor near the city limits across the New Madrid county line. He recently erected a distillery, but it was not yet in operation.

Cox was mayor of this city four times and was prosecuting attorney of Dunklin county for two terms. He was shot through the heart and back. Dr. Beall was shot through the head.

Brannon then snapped his revolver at Dr. Beall, father of the dead Beall, but the weapon was empty. He then proceeded down the street and walked into the arms of City Marshal Barnhart [illegible] in the police station. Dr. J. W. Beall was a division surgeon for the Cotton Belt railroad and an officer in the Masonic Grand Lodge of Missouri. He was about 30 years old and married. He was an ardent temperance and local option advocate and was a close friend of Attorney Cox.

A VALUABLE HOME RECIPE

WILL BREAK UP A COLD IN 24 HOURS OR CURE ANY COUGH THAT IS CURABLE.

Mix one-half ounce of Concentrated oil of pine with 4 ounces of glycerine and a half pint of good whisky. Shake thoroughly and use in tablespoon doses every four hours.

The renowned throat and lung specialist who established a camp for consumptives in the pine woods of Maine, and whose remarkable cures there attracted international attention, declares that the above formula is one of the very best remedies obtainable for an acute cold and that it will strengthen the lungs, relieve coughs and heal the bronchial tubes. Also, that it will cure any case of lung trouble not too far advanced if the patient will assist by plenty of outdoor exercise, inhaling deep, long breaths every few minutes.

The ingredients are procurable of any good prescription druggist and easily mixed at home and should take its place as one of the most valued remedies in the family medicine chest.

Inquiry at one of the leading druggists elicited the information that Concentrated oil of pine is put up for dispensing only in half-ounce vials securely sealed in round screw-top cases intended to protect it from heat and light. The oils sold in bulk and the patent medicines put up and labeled "Oil of Pine," are to be avoided because owing to their impurities they produce nausea and are useless as a medicine, besides they sometimes leave permanent kidney trouble. Make sure to get the "Concentrated" oil of pine in a screw-top case and you will have the real article.

It has also proven a perfect neutralizing agent for uric acid, relieving the most obstinate cases of rheumatism and kidney trouble. For this purpose the treatment is very simple; a few drops on loaf sugar taken night and morning.

TUESDAY, FEBRUARY 19, 1907.

GOOD MEN FOR OFFICE.

SIX weeks from today, on Tuesday, April 2, the voters of Colorado Springs will elect a new administration to govern the city for the next two years. The terms of all of the four executive officials will expire at a complete new city will be chosen, as follows: Mayor, Clerk, Auditor, Treasurer, Attorney, Engineer and Police Magistrate.

The Municipal League, composed of men and women who believe that partisan politics has no place in municipal affairs and that the city should be governed according to the most approved business methods, will within a few days place in the field a ticket made up of men selected from both parties. The men will be men who are well known in the community for their integrity and ability, and who are committed to the principles of city government set forth in the platform of the Municipal League, published elsewhere in this issue. The organization was formed for the purpose of securing the services of such men, and its greatest welfare of the people will be to elect them with the best assistants to give Colorado Springs the best and most economical administration that can be had.

This ticket will receive the support of the Democratic club and other men who are allied with it in the attempt to secure a new deal in the government of the city. The present plan of the opposition to name some unworthy tool of the gentleman who is Mayor who will serve their purpose by allowing the people the privilege of voting for city officials is not to be considered. The men who would willingly pull the chestnuts out of the fire but this time will be seen.

About the only objection offered to the Municipal League ticket is that all the important offices will be filled by Republicans. This objection will be met by the fact that the Municipal League is composed of men who have no political affiliations, and who are working for the best interests of the city. Without any partisan consideration whatever, the ticket will be made up of men who are believed to be the best fitted for the various offices. If the Democrats can find men who are better fitted for the offices than the men who will be named by the Municipal League, they will be entitled to the support of all good citizens, but the fact that they are Democrats will not be considered a reason why they should be elected.

The Municipal League ticket will be made up of men who are Republicans, Democrats and Independents, and the fact that they are Republicans will not be considered a reason why they should be elected. The Municipal League ticket will be made up of men who are Republicans, Democrats and Independents, and the fact that they are Republicans will not be considered a reason why they should be elected.

IRRIGATION IN EL PASO COUNTY.

ONE of the most important factors that have contributed to the agricultural development of El Paso county, with particular reference to the method of dry farming, is the fact that the county is not dependent for the cultivation of its farming land upon the precarious rainfall, for there is there much water brought more than a sufficient supply of the soil farming, most of the county has a soil of the kind so situated that could water it if the supply were sufficient. This fact both leaves the owners of land to cross the page of Colorado Springs who will [illegible] agricultural development of the region, and encourages dry farming [illegible] methods.

But in considering this comparatively new [illegible] must not be [illegible] about to be done by the [illegible] It is true that the [illegible] for irrigation [illegible] but [illegible] Without a doubt [illegible] can be said to be [illegible] the benefit [illegible] the [illegible] parent to [illegible] [illegible] forced the farmer [illegible] Colorado Springs to [illegible] its street and [illegible] [illegible] closely watched [illegible] The taxpayers are getting [illegible] [illegible] dollar [illegible] pended.

Contrast this with the [illegible] the [illegible] that prevailed before the triumph of the reform movement and the urgent necessity of perpetuating non-partisan government [illegible] All over the land the most progressive cities are [illegible] the control [illegible] of the real property owners, and now that Colorado Springs has already made a good start it [illegible] to allow it to drop back to the old horrible [illegible]

IRRIGATION IN EL PASO COUNTY.

ON several occasions [illegible] have called attention to the agricultural development of El Paso county, with particular reference to the method of dry farming. It is on this account that the county is not dependent for the cultivation of its farming land upon the precarious rainfall, for there is there much water brought more than a sufficient supply of the soil farming, most of the county has a soil of the kind so situated that could water it if the supply were sufficient. This fact both leaves the owners of land to cross the page of Colorado Springs who will [illegible] agricultural development of the region, and encourages dry farming methods.

But in considering this comparatively new [illegible] must not be [illegible] about to be done by the [illegible] It is true that the [illegible] for irrigation [illegible] but [illegible] Without a doubt [illegible] can be said to be [illegible] the benefit [illegible] the [illegible] parent to [illegible] [illegible] forced the farmer [illegible] Colorado Springs to [illegible] its street and [illegible] [illegible] closely watched [illegible] The taxpayers are getting [illegible] [illegible] dollar [illegible] pended.

Contrast this with the [illegible] the [illegible] that prevailed before the triumph of the reform movement and the urgent necessity of perpetuating non-partisan government [illegible] All over the land the most progressive cities are [illegible] the control [illegible] of the real property owners, and now that Colorado Springs has already made a good start it [illegible] to allow it to drop back to the old horrible [illegible]

ANARCHY, PURE AND SIMPLE

YESTERDAY afternoon this dispatch appeared in the papers:

DEADWOOD, S. D., Feb. 18.—Mass meetings were held throughout the Black Hills section today in order to protest against the treatment of Moyer, Haywood and Pettibone. Marion Moore, a prominent Federation leader, addressed a meeting at Lead City and urged the men to arm themselves with rifles and take the life of one capitalist for every man in the hands of these men if they were convicted and hanged. He said he himself would be responsible for their acts.

There has been a good deal of talk of this sort ever since the beginning of the Moyer-Haywood affair, but this is the first instance in which any responsible person has published in a newspaper anything of the kind. Moore is not the only one who has been calling for the murder of Moyer, Haywood and Pettibone in case they are convicted, but he is the first one to organize vicarious assassination. He proposes to avenge the murder of Moyer, Haywood and Pettibone in case they are convicted by murdering some capitalist. He proposes to begin with the life of one of the men who is the head of the Western Federation of Miners, and means of keeping up the loyalty of his members have consisted largely of threats of murder. It is not to be supposed that Moore is a fool, but he is a fool if he thinks that he can incite to murder without himself being held responsible for the crime. He is a fool if he thinks that he can incite to murder without himself being held responsible for the crime. He is a fool if he thinks that he can incite to murder without himself being held responsible for the crime.

Colorado Comment

ILLINOIS AND MORMONISM

From the Loveland Reporter:

The Illinois legislature has gone on record against polygamy. A joint resolution was introduced in that body petitioning congress to call a convention to propose an anti-polygamy amendment to the constitution of the United States. The sucker state is afraid that the Mormons will return and capture Illinois.

❖ ❖

KANSAS BOUND TO GET IN

From the Cripple Creek Times:

Of course we know Kansas was a good state somehow, but we were inclined to guess that the Kansas City Journal article proving that Topeka girls are the handsomest of all was inspired from Topeka rather than from Kansas City. Now comes the Topeka Capital with a list of 100 Topeka girls who have been married to Kansas City men, and the list is headed by the name of Miss Helen Taft, daughter of Secretary of War Taft. This list is conclusive. Kansas City has won the handsome girls, and Topeka has won the rich husbands. Kansas is bound to get in.

❖ ❖

CLIMATE CHANGING

From the Sugarloaf Courier:

It is the opinion of many that the climate of this valley is gradually changing, and that the amount of rainfall is increasing. If this is true it will be very valuable fact to be considered for the future agricultural interests. Whether this be the outlook for the change, [illegible] [illegible] Owing to the [illegible] and [illegible] the valley has fallen which has washed up the ground and the great quantities of sand [illegible] at the heads of the mountains [illegible] [illegible] and [illegible] in place of grass and plants the coming summer.

BEET GROWERS' DIFFICULTY

From the Greeley Sun:

The [illegible] of the disagreement between the beet growers and the Great Western Sugar company over the 1907 contracts for Beet Sugar Growers [illegible] by numbers. It seems to us that as the whole matter is a mere business proposition it should not be difficult to come to a satisfactory understanding. We have no doubt but that [illegible] fairly. There are no more [illegible] with the [illegible] than [illegible] of the beet growing [illegible] on the other side [illegible] the Great Western [illegible] on their [illegible] The [illegible] have to make for their crop while [illegible] have to depend on the future for their [illegible] that a conciliatory spirit on both sides should therefore bring about in early season one of the exceedingly vexatious situation. In the interest of all concerned we trust that the present difference may be amicably [illegible] and leave a better understanding and greater harmony than ever before.

COULD CALIFORNIA DRIVE US INTO A FOREIGN WAR?

From Hampton's Weekly:

The president has had a confidential talk with the members of the California delegation in congress who, as usual, [illegible] [illegible] Two members of the delegation [illegible] the newspapers. It seems that the president informed the members of the delegation that the situation is cautious that the Japanese are greatly incensed by the attitude and talk of the Californian people, and that if the Californians do not desist from their [illegible] towards and their speech about the Japanese will likely to come. The school question is but a phase of the general situation.

If the president has been correctly [illegible] reported, his was not the kind of talk in which at such a crisis as he described a president of the United States should indulge. Our relations with Japan, or with any other foreign power, [illegible] [illegible] involved in the [illegible] of the trade [illegible] as the action determines. If Japan will go to war with the United States because the [illegible] of San Francisco decide to bar Japanese pupils from their schools, [illegible] [illegible] [illegible]

Our New Shirt Values

For Spring are exceedingly attractive in patterns and qualities. We would like for the ladies who are interested in buying their husbands shirts at department store prices to come in and allow us to show them the new effects for this season. We are going to make a backing up claim this season that will exceed in value and appearance all shirts ever shown heretofore.

In this selection we have the plain white and madras, either of which are very serviceable. Neat stripe and figures in light effects. Plain blue in the staple madras that are reliable colors. Fine grays and black and gray patterns, all in our showing at $1.00.

HOLBROOK & PERKINS

ORDINANCE IS TABLED

HOTEL MEN OPPOSE NEW GARBAGE LAW.

Want to Dispose of Their Own Property as They See Fit. Much Routine Business

The regular meeting of the city council which has already been reported in which [illegible] the hotel proprietors of the city appeared before the council and asked that the ordinance providing for the collection of garbage be tabled, was held last night.

The hotel proprietors represented by Attorney S. H. Kramer were present and advised the council that they did not want the garbage collected from their hotels by the city, but that they would dispose of it themselves. They said that it was unjust to deprive them of the right to dispose of this property as they saw fit, especially as it is being removed by them in a manner satisfactory to the health department.

J. L. Stark who has the city garbage contract pointed out that it costs him to collect garbage from unprofitable parts of the city than from the large centrally located places. George Litsur, proprietor of the Alamo hotel, said that the argument was advanced at the time the original contract was executed to G. W. Stirling that the collector should receive some compensation because the hotels disposed of their own garbage. For this reason he and the contractor received $1.00 per year.

Will Come Up Again

The action of the council in tabling the proposed ordinance was a victory for the hotel proprietors although future action of some kind will take place in the matter.

An ordinance introduced by Alderman Tucker regulating the method of cancelling redeemed warrants and bonds was ordered sent to the printer.

The ordinance which amends section two of article three provides that the auditor in the presence of the mayor and he shall cancel all redeemed warrants and bonds after the same have been paid by the treasurer.

On motion of Alderman Vorse the president appointed Hosman. Allen had himself a committee to investigate the proposed electric railway franchise for a road between this city and Denver with respect to the fares between. The presidents appointment of Hosman on the committee was in accordance with Vorse's motion.

Will They Fire Her?

Much discussion ensued regarding the method of securing possession of a shack owned by the city in Cheyenne park just southwest of Stratton park. A family named Pearson has lived in the structure for nearly two years during which time no rent has ever been paid to the city. The father died some years ago and Mr. Pearson died last year. The daughter, a middle aged woman, was given six months free lease on the property last spring. She does not keep the place clean, according to the members of the council and has steadfastly refused [illegible] the premises to vacate.

Various propositions were advanced by Attorney Robinson when asked what he would do, answered, "I'd fire her." Mayor Hall remarked that the council might get the health department to force out the tenant with formaldehyde. Finally on motion of Alderman Vorse it was resolved that the public buildings and grounds committee secure possession of the property by April 1. Chairman Hosman of the committee voted against the resolution because he remarking that he had trouble enough [illegible] discussion occupied more time than was spent on the entire important business.

Routine Business

Seven monthly bills aggregating $1,831 were allowed. A report of the January receipts and expenditures of the fire department was referred to the same committee. Chairman Tucker of the committee announced that the report of the City Steam Heating company has been referred back to the company for itemization.

Chairman Holden of the street committee reported that no decision had been reached regarding the petition of the management of Crockett sanitarium to have Monroe street between North Cascade avenue and North Institute street 100 feet further north. The management desires this in order to possess land in order that the committee may give more time for its investigation.

City Civil Engineer MacMillan reported that he has completed the work of indexing by the card system of all the city records. Alderman Hosman took occasion to commend this work which has brought order out of chaos in the city clerk's office. No similar system of records existed, causing the present administration said Hosman was better off than it was the most devoted to the installation of the old index.

The report as placed on file by Chairman Sell Hodge of the water committee stated that the [illegible] Monument reservoir is now full and that the superintendent was instructed to go on with the work as soon as the next right of way and location are obtained.

Must Repair Sidewalks

The property owners of the South Tejon street and Platte Publishing and opposite have filed complaint with the council to repair the sidewalks in front of their property. Hodge will investigate the request of the residents as introduced by Hosman. [illegible] at the corner of Cedar and West Boulder streets. The street committee [illegible] the [illegible] on the three trees in front of the building.

A. V. Hunt appeared before the council to protest against the alleged [illegible] action of the council in vacating a portion of West Willamette avenue for the purpose of making a public park. The [illegible] will be a practical confiscation of land owned by him in that locality. Inasmuch as no action of this kind is on foot so far as known to the council the communication was placed on file without comment.

The council confirmed the mayor's appointment of [illegible] as [illegible] and with the exception of Alderman Vorse voted against the appointment of [illegible] as [illegible] with the same exception.

TO ENLIST RECRUITS

NAVAL RECRUITING OFFICE TO BE OPENED HERE.

A Chance for Colorado Springs Young Men to Join the United States Navy

A navy recruiting [illegible] opened in this city [illegible] March 1 and will [illegible] remain north and [illegible] proves good. The [illegible] of the Denver recruiting [illegible].

Lieut. J. H. Cocke for the [illegible] in charge [illegible] direct charge of the Colorado Springs office.

The recruiting office [illegible] Colorado Springs [illegible] among recruits will [illegible] by Mare Island [illegible] charge.

During the [illegible] the examination between the ages of [illegible] commencing on [illegible] The first service is for [illegible] ing ship where they [illegible] tary drills, signals, [illegible] ting and pulling [illegible] ship. Ample time is given for the [illegible] has ball and football teams being organized and boat races will [illegible] A fine library is also at the disposal of all recruits. The young men [illegible] also take out on shore [illegible] gunboats to give them a taste of war life.

At the expiration of [illegible] are examined and if successful are promoted to ordinary seaman at $19 per month and are [illegible] days on board cruising ship. From the after that depends on the efficiency of the young man.

Men between the ages of [illegible] are enlisted for different trades such as blacksmiths, [illegible] shipwrights, [illegible] smiths and blasts, electricians, carpenters, stenographers, firemen, [illegible] ing, clerks, the pay varying from $20 to $60 per month.

Enlistments are for four years and applicants must be American citizens of good character, of healthy constitution and able to read and write.

The importance of the recruiting district of which Colorado Springs is the head is seen by the fact that during last September the recruits from this district numbered [illegible] the United States navy, and for last month [illegible] over [illegible] others by 11. The district [illegible] Colorado, western Nebraska, western Kansas, Wyoming, Utah, a [illegible] of New Mexico. One of the [illegible] district making so good a showing is that the health and strength of the applicants is on the average much better than in the eastern districts and consequently fewer applicants [illegible] rejected on account of physical defect.

TO OPERATE ELECTRIC LINES

Projected Empire Plant to Furnish Power for Manitou and Suburban and Denver-Springs Roads

The work of [illegible] power plant of the Empire Water & Power company is to be pushed as the plans are completed and $400,000 in bonds have been underwritten for the project, said G. A. Taff, president of the Hydro Electric company yesterday. Mr. Taff is at present working on the plans and construction will begin as soon as the conditions on the north slope of Pike's Peak such as to [illegible] operation.

In connection with the prosecution of this work it is said that the plans for the Manitou and suburban electric line and for the electric line between this city and Denver are being considered. Both these projects it is said by Denver men and according to the report in electric circles, will be built as soon as the Empire Water and Power company is ready to furnish the needed power. This will probably not be before another six months but in the meantime it is said work will be commenced on the two electric lines. The water rights of the Empire company were secured on the waters of the north slope of Pike's Peak for $18,000 for which W. A. Otis took stock in the company to the extent of $5,000 which has recently been sold by Mr. Otis. The parties interested with Mr. Taff in the company are not known.

ALL TIRED OUT

Hundreds More in Colorado Springs in the Same Plight

Tired all the time.
Weary and worn out [illegible] and day
Back aches, side aches
All on account of the kidneys
Must help them at their work
A Colorado Springs citizen shows you how.

Mrs. Ann Crouch of [illegible] North Weber avenue, Colorado Springs, says: "I have Doan's Kidney Pills and can say they are, indeed, a wonderful remedy. I suffered for a long time from a severe pain across the small of my back and my kidneys tending into my limbs. The least exertion seemed to aggravate the trouble and at times I was hardly able to get about the house. I was laid up with it for a month and could get no relief. Finally I procured a box at the D. Y. Butcher Drug Co.'s pharmacy and before this box was half gone I felt that I was fully rewarded and in a few days all the aches and pain disappeared and my whole system was toned up and I felt stronger and better in every way. For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CITY WILL PAY COST

WILL BEAR ALL EXPENSE OF SPRING ELECTION.

Agreement Entered Into With County Commissioners Lindsey Law Tangle Straightened Out

One of the knotty tangles of the new Lindsey registration and election law has been unraveled by the city and county with respect to the approaching city election.

At a regular meeting of the city council last night a resolution introduced by Alderman Tucker was passed ordering an agreement with the board of county commissioners to pay the expenses of the election. The Lindsey law provides that the county clerk shall have charge of all elections and that the city pay all expenses of municipal elections.

The resolution provides that the city pay to the county $261.65 for the registration commission election [illegible] of existing and books and stationery. This is an appropriation of $1.50 in the city treasury for election expenses and will [illegible] the printing of ballots, furnishing [illegible] lights. [illegible] will bring the total expenses for the [illegible] to [illegible] dollars.

Following the [illegible] action of last night which was previously provided by the board of county commissioners.

Be It Resolved by the City Council of Colorado Springs:

That the city clerk with the [illegible] official of Lindsey law is authorized to [illegible] the payment by the city of the county's share of the expenses thereof, which are to be borne by the city.

The [illegible] in connection with the election on April 1 are to be on the basis of [illegible] contract [illegible] $1.5 [illegible] registration [illegible] $ [illegible] books and [illegible] $ 0.05. The [illegible] 1.65.

The registration places and the [illegible] of the council designated [illegible] the general [illegible] November 1 within the city limits. [illegible] paid by the city.

PEOPLE MUST DECIDE

TAXPAYERS TO VOTE ON IMPORTANT MATTER.

Questions of Municipal Lighting and Redistricting City Submitted to Colorado City Taxpayers.

Ordinances providing for submitting to the taxpayers of Colorado City at the next regular city election on April 1 the question of constructing an electric lighting plant and of issuing bonds to the amount of $30,000 for same and redividing Ward one into Wards one and four were last night passed at the regular meeting of the Colorado City council. The ordinances relating to the electric light plant passed unanimously while the measure providing for redistricting the city and dividing Ward one was opposed by Aldermen McNulty.

Another ordinance granting the D. & R. G. railway permission to lay [illegible] across First street on Colorado avenue was also passed by a unanimous vote.

Upon the motion City Attorney Jackson the committee on ordinances and printing was instructed to have the ordinances of Colorado City compiled in typical uniform shape for completion at this session to be done by the city attorney. The cost of the work is not to exceed $200.

Bills to the amount of $44[illegible] were allowed.

Alderman Cosgrove introduced the question of putting cement curbing in gutters along Colorado avenue. The cost of [illegible] about $1 per lineal foot. After considerable discussion the committee on streets and bridges was asked to secure bids on same and report at the next regular meeting of the council.

A resolution thanking George Bissell for his services as special marshal in quelling the [illegible] was introduced by Alderman Cosgrove but was withdrawn by the author.

Bissell reported his profits of the meeting of the council on February 4 and Officer Edward Riley was appointed to succeed him.

The council then went into executive session.

OFF FOR OMAHA CONVENTION

Delegation of Colorado Springs Presbyterians Left Last Night to Attend Big Meeting

A delegation of [illegible] Presbyterians left the city last evening over the Rock Island railroad for Omaha to attend the Home Missionary convention which began tomorrow morning. The members of the party in the Dr. D. W. Work, Dr. F. J. Robinson, the Rev. F. C. Morley, Dr. W. W. Arnold, Dr. H. T. Caldwell, Dr. J. C. Kirkwood, H. H. Hosmer, [illegible] C. L. Hutchinson, John Evans and J. H. Gowdy.

The convention which is held for the purpose of furthering foreign missionary work in the United States, [illegible] and [illegible] that between 1,000 and 1,500 delegates [illegible] from the Mississippi valley and Rocky mountain [illegible] will be in attendance. It will probably be the largest [illegible] missionary gathering ever held in America. The list of prominent men who will address the convention includes [illegible] Hamlin, who visited this city and Robert Speer of New York.

The morning sessions of the Presbyterian church next Sunday morning will be devoted to temperance with an [illegible] in connection who will [illegible] on temperance [illegible].

Mayor [illegible] Friday night [illegible] Hosmen.

NEW PARK FOR THIS CITY

East Boulder Street Reservoir Vacated Upon Palmer's Suggestion Will Deed Land to City

On motion of Chairman Hosman of the public building and ground committee the city council last night kept [illegible] resolution vacating the old east Boulder street reservoir. This action was done at the request of General W. J. Palmer who offers to deed [illegible] the city provided it vacates the reservoir site and make [illegible] the ground. The lots comprise the block bounded by East Boulder and Lots Nos. [illegible] Hancock and Sorlie's addition to the [illegible] Pikes Peak avenue.

SCHUYLER'S NEXT MOVE

ROBINSON SENDS ARBITRATORS COPY OF BRIEF.

Hydro Attorney Has Until Tomorrow to Follow Suit. Question of Estoppel Involved

City Attorney W. F. Robinson has prepared his brief in the Hydro controversy and this afternoon will [illegible] arbitrators. Hydro Attorney Schuyler of Denver [illegible] and the answering brief of M. Schuyler is coming to the office of the arbitrator [illegible] be ready by tomorrow at the latest. [illegible] five days with [illegible] additional at the option of the 10 days for the city attorney to make his final report.

These briefs are on the question raised by Attorney Schuyler as to whether the city is estopped from making any claim against the Hydro company's delinquency in light. Mr. Schuyler claims that since the city [illegible] and paid for the present lighting system for a term of 15 months it is now estopped from claiming. The city attorney argues that one [illegible] stopped from claiming [illegible] certain matter only when the other party has expended money or otherwise made a sacrifice based on the first party's original position in the premises. The Pikes Peak Hydro Electric company was brought out in the arbitration hearing for not using a single pole lamp within Colorado Springs. This property is owned by the Colorado Springs Electric company which does not enter into the contract.

Robbins

SURPRISINGLY STRONG

WHEAT WITHSTANDS ARRAY OF BEARISH STATISTICS.

Prices Near Highest Point at Close. Corn and Oats Firm All Day. Provisions Weak.

CHICAGO, Feb. 18.—Considering the formidable array of bearish statistics, the wheat market was surprisingly strong, the sentiment, with the exception of a few minutes at the opening, being bullish all day. The easy tone at the opening was caused by the weekly statistics, which were more favorable to the bears than had been anticipated. The most important of these weakening factors were world's shipments of 12,284,000 bushels during the last week, and an increase of 8,200,000 bushels in the amount of breadstuff on ocean passage. Increased receipts at Minneapolis and Duluth also depressed the early market. Despite these influences, commission houses were active buyers, and as trading progressed the demand was augmented by the free covering of shorts. This improvement in demand was largely due to reports opening an increased activity in the export trade. One report from New York declared that forty loadboats had been taken there for export. The market closed strong, with prices near the highest point. May opened ⅛ to ¼ lower, at 77½ to 77⅝, advanced to 78¼, and closed at 78⅛.

Corn was firm all day on lively bidding by commission houses and shorts. Because of a scarcity of offerings the volume of trading was not large. The chief strengthening influences were a sharp advance at Liverpool, fresh reports of damage by drouth in Argentina and an excellent demand in the local market for cash corn. The market closed firm, May opened a shade to ¼ higher, at 46⅞@47 to 47, sold up to 47¼ and closed at 47⅛.

There was very little trading in the oats pit, but the market was firm in sympathy with wheat and corn. May opened a shade lower to a shade higher, at 40¼ to 40⅜, advanced to 40⅝, and closed at 40⅝.

Liberal receipts of hogs here and at other packing centers caused free selling and an extremely weak market. At the close May pork was off 12½, at $16.72. Lard was down 2½, at $9.85. Ribs were 20@22½ lower, at $9.22½.

Furnished by Otis & Hough, bankers and brokers.

MOVEMENT IRREGULAR

DEALINGS LARGELY PROFESSIONAL IN THEIR ORIGIN.

Traders Turn to Short Side of Market.—Stocks Affected by News of the Day.

NEW YORK, Feb. 18.—The dealings in today's stock market appeared to be largely professional in their origin. The movement was hesitating and irregular in the efforts of the professional traders to grope for an effective leadership. The incident that had most to do with curbing the demand which started early prices upward was the character of the selling in Amalgamated Copper and Anaconda. The traders turned to the short side of the market or reduced long commitments in response to this supposed admonition. The course also was confronted with the news that the bank of England had again secured all the arrivals of South African gold in London, thus belying the confident expectation of last week that the inward movement of gold would begin this week.

Sterling exchange in Paris rose vigorously today, and this was attributed to remittances from Paris to London in payment of subscriptions to American railroad note issues.

The day's rumors today were largely dealing with supposed coming note issues, of which the extent and variety were said to be great. No authoritative announced followed the rumors. The compilation of national bank returns to the comptroller, received from Washington today, showed the principal interest on account of the excess of the loan items over the individual deposits.

The selling passed at intervals, but was renewed before any important recoveries ensued, except the final covering movement among the bears, which brought the market to a final close.

Bonds were steady. Total sales, par value, $1,588,000.

U. S. bonds were unchanged on call. Furnished by Otis & Hough, bankers and brokers.

MAINTAINING GOOD TONNAGE

Granite Company Is Shipping 90 Tons a Day of Good Grade.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—The Granite company, owning a large and valuable acreage on Battle mountain, is shipping out three cars of ore a day or about 90 tons or nearly 3,000 tons a month. The ore carries two ounces in gold to the ton. The ore for the most part is being mined in the lower workings except in the Dillon, where but little work is being done on company account. The greatest production, of course, is coming from the Granite proper, although some ore is being mined and shipped from the old Gold Coin claim, which is now a part of the Granite.

CROSSCUTTING DISCONTINUED

Standard Company Taking Out Good Ore at 800 Foot Level.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—The Standard Mining & Leasing company has stopped crosscutting at a depth of 800 feet and all the men are now employed in breaking ore at the 800-foot level where the shoot is of considerable width and which has been opened up for nearly 100 feet. The company is shipping out about three cars of ore a week, which will give average returns of $30 in gold to the ton. Later the company will drive a crosscut to the ore which is only a short distance.

ANNUAL MEETING MARCH 13

Jennie Sample Will Transact Business of Importance.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—Notices have been sent out that the Jennie Sample Consolidated Gold Mining company would hold its annual meeting in Cheyenne, Wyo., on March 13. This meeting will undoubtedly be of considerable importance as the Jennie Sample company has since its last annual meeting brought suit against Mrs. Anna Cone of Canon City, owner of the Raven Hill Ophir. This suit is for apex rights. The Jennie Sample company is shipping out from one to three cars of ore a week of an average grade, while its neighbor, the Ophir, is shipping about 1,000 tons a month and the ore is running from five to fifteen ounces in gold to the ton.

NEW HOIST INSTALLED

Ore Is Going Out From the Forest Queen on Ironclad.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—The new hoist is installed on the Forest Queen on Ironclad hill, under lease to Roach and company of Chicago, and the mine is shipping out about four cars of ore a week. The company proposes sinking the shaft in the very near future to a depth of 800 feet. The shaft is now down 600 feet.

NEW OFFICERS ELECTED

Wabash Leasing Company Holds Meeting.

Special to The Gazette.

CRIPPLE CREEK, Feb. 18.—The following officers were elected for the ensuing year for the Wabash Leasing company, which is operating on the Four Brothers claim of the Agnes company on the east slope of Beacon hill: S. S. Smith, Cripple Creek, president; C. M. Thatcher, Iowa, vice president; County Commissioner W. E. Meek, treasurer; E. L. Coleman, Cripple Creek, secretary; A. T. Bagley, general manager.

MONEY IN NEW YORK.

NEW YORK, Feb. 18.—Close: Prime mercantile paper, 5@6¼ per cent; sterling exchange steady with actual business in bankers bills at 484.50@484.75 for demand, and at 480.70@480.85 for 60 day bills. Posted rates, 481½ and 485; commercial bills, 480¾.

Bar silver, 58½c; Mexican dollars, 47c.

Government bonds steady; railroad bonds heavy.

NEW YORK, Feb. 18.—Money on call firm, 6@6½ per cent; ruling rate, 5 per cent; closing bid, 4 per cent; offered at 5 per cent. Time loans stronger; 60 days, 5¼ per cent; 90@120, 5¼@5½ per cent; 6 months, 5¼@5½ per cent.

WOOL MARKET.

ST. LOUIS, Feb. 18.—Wool steady; territory and western mediums, 23@28; fine mediums, 18@23; fine, 14@18.

EASTERN LIVESTOCK MARKETS.

CHICAGO, Feb. 18.—Cattle—Receipts, 5,000; best steady; others weak to 10c lower. Beeves, $4.00@6.50; cows and heifers, $1.60@5.25; stockers and feeders, $2.50@4.10; Texans, $3.00@4.75; calves, $6.00@7.75.

Hogs—Receipts, 9,000. Market, 5@10c lower; mixed and butchers, $5.50@5.70; good heavy, $5.60@5.72½; rough heavy, $5.30@5.60; light, $5.30@5.65; pigs, $5.15@5.55; bulk, $5.50@5.65.

Sheep—Receipts, 20,000. Market 10 cents lower; sheep, $4.50@5.50; lambs, $4.50@7.50.

KANSAS CITY, Mo., Feb. 18.—Cattle—Receipts, 12,000 including 1,000 Southerns. Steady to shade lower; native steers, $4.20@6.50; southern steers, $3.00@5.25; southern cows, $2.50@3.75; native cows and heifers, $2.50@5.00; stockers and feeders, $3.10@4.80; bulls, $2.75@4.25; calves, $3.25@6.50; western fed steers, $4.00@5.80; western fed cows, $2.75@4.50.

Hogs—Receipts, 11,000. Market 5@10c lower; bulk, $5.30@5.60; heavy, $5.30@5.60; packers, $5.50@5.60; pigs and light, $5.15@5.45.

Sheep—Receipts, 10,00; steady. Muttons, $4.25@6.00; lambs, $5.00@7.50; range wethers, $5.25@6.00; fed ewes, $4.75@5.50.

WAR AGAINST CONSUMPTION.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. All dealers.

THE "YEGGMEN."

A "yegg" or "yeggman" might be defined as a cross between a tramp and a burglar. "Yeggmen" travel about a country always be sleeping or begging rides on freight trains, and their operations are generally confined to banks or postoffices in the smaller towns. Eventually "yeggmen" are likely to come to grief through the loss of a leg or an arm when they take to hogging and become known as "ex-yeggmen."

THE CITY BOY AS AN ARMY RECRUIT.

From the Columbus Dispatch.

"A city fellow has the best of a farmer boy in the army when it comes to endurance," remarked a drilling sergeant the other day. "You hear so much about the farmer boy who walks miles and miles in the country, who follows the plough and piles high the hay, milks the cows and feeds the hogs. But the vision of his endurance fades away when he lands in the army. It is the farmer recruit who gives out on a 'hike' of a few miles to the outskirts of the city. The weakly looking fellow enlisted from the city doesn't seem to mind it at all. It is the same way in drilling. I can teach a city fellow how much easier. The farmer boy is not so active and is very awkward from the start. However, when the farmer boy does come around he makes a good soldier and makes but very little trouble. As far as the recruiting part goes I would rather handle the young man from the city."

THIS MAY INTEREST YOU.

No one is immune from kidney troubles, so just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine. All dealers.

OPERA HOUSE ATTRACTIONS

What the Press Agents Say

AMELIA BINGHAM IN "THE LILAC ROOM"

Do you believe in fairies or ghosts? One of the most interesting spooks of fact or fiction has his abode in "The Lilac Room," the since being the title of the startling and witty play that will be introduced Amelia Bingham and a strong English company at the Opera house tomorrow evening. This ghost says Miss Bingham the co-partners chose plan of acting one of the most excellent of her splendid entries. The character portrayed by Miss Bingham is called upon to occupy the lilac room, a chamber in an ancient priory that has been haunted for generations, according to tradition. She is there upon the night when the ghost makes his most important visitation of the year. In her heart she knows there is no such thing as a ghost, but as the fatal hour approaches and she is alone in the lilac room, between "that creepy feeling" and her natural incredulity, and the result is some naturally interesting acting on the part of Miss Bingham. What really appears when the clock strikes 12 is more interesting to Scotland Yard than to spiritualist, so that the comedy is as much of a detective play as a ghost story. The ghost is not the main thing in "The Lilac Room." It is but incidental, to one of the most charming love comedies and character studies ever seen on the stage.

PRIMROSE MINSTRELS COMING

George Primrose and his Big Minstrel Company will play at the Opera house on next Saturday matinee and night.

This engagement will again emphasize the fact that negro minstrelsy is not dead, as this form of entertainment is entirely an American feature, which has gradually drifted away from the idea of its originator. There was a time when the public would stand for a so-called minstrel show to appear in oriental scenes and costumes, powdered wigs and painted faces, which was rather charming to look upon, because it was new, but this style having lost its novelty, is no longer charming, and furthermore, the stage of now wants American minstrelsy that is true to negro life of plantation days and that a feature of our own comedy. Mr. Primrose is the first to furnish this genuine form of amusement, but with modern embellishments of a kind that enhances the effect. The beautiful decked costumes and whirlwind minstrelsy has seen its day. In the plays this year the band dukes [illegible] connected with supernatural [illegible] humor, by George Primrose.

OLGA NETHERSOLE IN "SAPHO"

Olga Nethersole [illegible] Sapho will make [illegible] at the Opera house [illegible] Saturday evening, in "Sapho," the play [illegible] of Alphonse Daudet's novel of Sapho, the [illegible] Nethersole's [illegible] Sapho in New York which [illegible] Criterion, [illegible] Nethersole will be supported [illegible] Daly [illegible] Sapho [illegible] Daly [illegible] Sapho [illegible] Daly [illegible] Sapho
